

PJ FIALA

Romance On Wheels

Happily ever-afters are real; I'm living mine right now.

Reading one of my books is like taking a ride with your new best friends.

The weather won't always be perfect, but the company will.

Life won't always be easy but the journey will be worth it.

Love is sometimes complicated, but that feeling you get when you've just fallen in love will last with you through the final page and beyond.

FAQs:

1. I've always had stories running through my head.
2. Yes, I believe my characters are real people.
3. I'm a dreamer in all things.
4. Chocolate makes me happy, wine, coffee and my family do too.
